Michael,

This is a case that was transferred to me. The previous examiner examined SEQ ID NO: 1, 6-17, 21-26 and 28 (they are all peptides--12-29 amino acids). It appears that the case can be allowed; I need an interference search done. Please approve.

STIC:

Please do an interference sequence search on SEQ ID NO: 1, 6-17, 21-26 and 28 of the above application.

Please provide a paper copy of all results.

Thanks,
Minnifield
